Semiahmoo Stables is a full service horse training facility specializing in Arabian and Half Arabian horses located in South Surrey, just minutes from White Rock, BC.

Our goal is to develop a sound knowledge of riding and horsemanship for all levels, while helping our students gain confidence, sharpen their focus, keep active and learn responsibility!

SAFETY & FUN!

Each with a minimum of 10 years in the horse industry, our staff members support a safe and nurturing environment for our students. We are all committed providing the best available training, coaching and teaching to each child.

We also pride ourselves on having quality, good natured school horses, which allow our students to focus on improving their horsemanship skills and have fun.

"Until horseback riding came into our daughter's life, she bounced around from one sport to another. Horses have directed her life and I believe will help her keep her focus throughout the years."

– MaryAnn, Aldergrove, BC
